01	Department of Posts & GST: Key Challenges and Solutions	09.06.2025 11:00 AM	09.06.2025

#### **Introduction:**

The Department of Posts (DoP), with its diverse service portfolio and highly decentralised operational structure extending to the grassroots level, faces significant challenges in complying with Goods and Services Tax (GST) regulations. One of the primary hurdles is the multiplicity of GST registrations across various states and jurisdictions, which complicates tax administration and reporting. Addressing these challenges is essential to streamline tax management, reduce compliance burdens, and enhance overall service delivery. A thorough understanding of these issues, along with the implementation of appropriate solutions, can enable the development of a more efficient and tax-compliant accounting framework within government organizations like the DoP.

#### **Learning Objectives:**

- Understand the Operational Challenges

- Explore Possible Solutions
- Analyze Input Tax Credit (ITC) Issues
- Develop strategic approach

**Competencies addressed:**

- GST Act (F-132)
- GST Rules (F-98)
