

Dr. Mandeep Singh is a distinguished Indian Administrative and Financial Services officer with nearly two decades of experience *spanning public finance, taxation, telecommunications, infrastructure financing, policy formulation, training, and governance*. A highly accomplished academic, he holds degrees in Commerce, Economics, Law, and a Ph.D. in Financial Derivatives from Panjab University. He has been a recipient of multiple gold medals for academic excellence and secured All India Rank 259 in the UPSC Civil Services Examination, 2007.

Throughout his career, Dr. Singh has held several key leadership positions in the Department of Telecommunications, the Government of Haryana, and other public sector organizations. His contributions have included financial management, infrastructure funding, e-governance initiatives, public sector reforms, policy development, and the management of high-value projects and procurements. He has successfully implemented numerous innovative digital and administrative reforms aimed at improving transparency, efficiency, and public service delivery. Currently, he serves as Deputy Director General at the National Communications Academy–Finance (NCA-F), New Delhi, where he leads initiatives in training, research, procurement, and institutional collaboration.

An accomplished researcher, author, and speaker, Dr. Singh has published and presented extensively on topics including financial markets, digital economy, telecommunications policy, artificial intelligence, healthcare, and public finance. He has represented India at international forums such as the International Telecommunication Union (ITU), WHO-led initiatives, and various global conferences. His contributions to national policy committees and strategic infrastructure projects reflect his commitment to advancing governance, innovation, and sustainable development in India.
