

SHASHANK SHEKHAR AGARWAL

Director, National Communications Academy - Finance
Department of Telecommunications,
Government of India

Profile

Shashank Shekhar Agarwal is a technical and policy expert serving as Director in the Department of Telecommunications (DoT), Government of India, since August 2018. With a strong background in engineering and telecommunications policy, he has played a key role in telecom policy implementation, regulatory compliance, technology management, and digital governance. His work focuses on strengthening India's telecom infrastructure, enhancing regulatory efficiency, and supporting the country's digital transformation initiatives.

A graduate of the **Indian Institute of Technology (IIT) Roorkee**, he has a deep understanding of **digital infrastructure, and emerging technologies**. His academic foundation in **engineering and technology** equips him with a strong analytical and problem-solving approach.

Professional Experience

He also worked in the field office of Principal CCA Mumbai as Joint CCA. Thereafter joined Integrated Finance Division of Department of Telecommunication. From October 2024, he is posted in NCA-F and leads initiatives in officer training, capacity building and digital content creation.
